

## DEAR EDUCATIONAL PARTNER:

We are pleased to announce that our 10th annual NEOTech Conference will be held March 6-7, 2019, at the Huntington Convention Center located at 300 Lakeside Ave, Cleveland, Ohio 44113.

Join the Northeast Ohio Network for Educational Technology (NEOnet) consortium as we actively engage our collective members in building the next generation of innovative educational thought-leaders.

The conference will bring together superintendents, treasurers, administrators and other school decision-makers, creating a cross-district, open dialogue to address the main concerns in the educational sector today. To encourage participation, the conference is being offered as a free professional development opportunity for all educators who attend.

As you well know, conference sponsorships and tradeshow exhibitions are a great way to introduce your company to new prospects and to strengthen existing relationships. In addition, opportunities like this conference provide educational service providers and our client school districts with new solutions to address challenges in the ongoing educational and operational landscape. **It's not only a win-win situation for you and our membership, but for the districts and students we all serve!**

Attached you will find a list of sponsorship levels and an exhibitor application. Opportunities are available on a first come, first serve basis – so don't delay! We promise you won't want to miss this important conference and learning event. **The deadline to register to exhibit at the NEOTech Conference is January 18, 2019.**

Please join us as we strive to drive improvement for all students – regardless of where they live and attend school. Should you have additional questions, please contact Danielle Clayton at (330) 926-3900 Extension 601141 or via email at [dclayton@neonet.org](mailto:dclayton@neonet.org). We look forward to hearing from you soon.

Thank you for your consideration and support!

Sincerely,

The NEOTech Conference Committee
